

## Meeting 2-1-2026

### Attendance:

Emily  
Abdallah  
Kylie  
Ryan

### Not in attendance:

Bithiah (met next day)  
Deishandeigh

### Notes:

Getting last weeks missing members caught up on the state of the project. Assessment of Skills and such.

Ryan: Java, Cpp, React, and a little python.

Kylie: experience with testing and documentation.

Team decided how to manage this weeks coursework.

Bithiah worked on Requirements document.

Ryan worked on Toolchain document.

Emily still managing organization and management of tasks along the systems the team is using for collaboration in the workflow.

Everyone is to check base again the next day (2-2) to ensure all requirements are ready to go and be turned in before the due date.
